Professional Summary

Passionate MCA (AI & Machine Learning) student with hands-on experience in Machine Learning, Deep Learning, Data Analytics and FinTech. Developed multiple end-to-end AI solutions including AlphaVisionAI, an intelligent stock analysis dashboard integrating self-designed Fundamental and Technical Analysis strategies. Seeking opportunities as an AI/ML Engineer, Data Analyst or FinTech Analyst.

Technical Skills

Programming: Python, Java, SQL, HTML, CSS, JavaScript

AI/ML: Machine Learning, Deep Learning, TensorFlow, Scikit-Learn, NLP

Data Analytics: Pandas, NumPy, Plotly, Streamlit

Finance: Fundamental Analysis, Technical Analysis, Equity Research

Tools: Git, GitHub, VS Code, Jupyter Notebook

Projects

- **AlphaVisionAI**
Developed an AI-powered stock analysis dashboard based on a self-designed investment framework integrating Fundamental Analysis, Technical Analysis, market indices and financial ratios using Python, Streamlit, Pandas and Plotly.
- **Credit Risk Prediction**
Built a Machine Learning model to predict loan default risk using customer financial data. Performed preprocessing, feature engineering and model evaluation with Scikit-Learn.
- **Heart Disease Prediction**
Developed a classification model for early heart disease prediction using Machine Learning algorithms and data preprocessing techniques.
- **YouTube Transcript Summarizer (RAG)**
Built an AI application using LangChain and Gemini API to generate intelligent summaries from YouTube transcripts.
- **Sentiment Analysis**
Created an NLP model to classify customer reviews into positive, negative and neutral sentiments.
- **MessMate**
Designed a food feedback and rating platform for students with efficient review management.

Experience

- Machine Learning Intern | CodeAlpha
 - Developed Machine Learning models using Python.
 - Worked on data preprocessing, feature engineering and model evaluation.
- Student Investment Management Fund (SIMF)
 - Conducted equity research, stock screening and investment analysis using Fundamental and Technical Analysis.

Education

- Master of Computer Applications (AI & ML)
K.R. Mangalam University | 2025–2027
- Bachelor of Computer Applications (BCA)
Sardar Patel University | Graduated: 2025

Certifications

- IBM – Machine Learning with Python
- CodeAlpha – Machine Learning Internship
- NCFM – Financial Markets
- SEBI – Investor Awareness
- NSE – Quiz Participation

Achievements

- Developed AlphaVisionAI intelligent stock analysis dashboard.
- Built 6+ AI & Machine Learning projects.
- Selected as a member of Student Investment Management Fund (SIMF).
- Completed multiple AI/ML and Financial Market certifications.

Relevant Coursework

- Machine Learning • Deep Learning • Mathematical Foundation for Machine Learning • Database Management Systems • Data Structures

Languages

English, Hindi
